EDUCATION

University School of Information, Communication and Technology

Bachelor of Technology - Computer Science Engineering (CGPA: 7.8)

Delhi Public School Ranipur (CBSE)

Senior Secondary Education (Class XII) - 90.8%

New Delhi, India

2023 – 2027

Haridwar, India

2021 – 2023

WORK EXPERIENCE

Coding Samurai

MERNStack Web Development Intern

Remote

July 2025– Sept. 2025

- Developed web applications including a real-time chat application and blogging platform using Next.js and Express.js.
- Implemented REST APIs, secure authentication, and database integration while managing end-to-end debugging and deployment workflows.
- Utilized Git/GitHub and Vercel for version control and deployment.
- Strengthened backend engineering, API design, and full-stack development capabilities through hands-on project-driven work.

TECHNICAL SKILLS

Languages: C, C++, Python, JavaScript

Frontend: HTML, CSS, React.js, Next.js

Backend: Node.js, Express.js, REST APIs

Databases: MongoDB, MySQL

Technologies: JWT, Socket.IO, WebSockets

Tools: Git, GitHub, Docker, VS Code

PROJECTS

Paint Together | HTML, CSS, JavaScript, Node.js, MongoDB

Live

- Developed a real-time collaborative painting application that allows multiple users to draw together on a shared canvas.
- Implemented collaborative rooms, drawing tools, color selection, eraser functionality, and real-time synchronization using Node.js.
- Integrated MongoDB persistence with automatic room-state saving and deployed the application on Render.

Code Arena | Node.js, Express.js, MongoDB, JWT, React

GitHub

- Developed a competitive programming platform where users compete through coding challenges and track their performance using a rating system.
- Implemented JWT-based authentication, protected routes, user models, and REST APIs using Node.js, Express.js, and MongoDB.
- Designed a matchmaking system based on users' competitive programming performance and common problem-solving topics.

ACHIEVEMENTS

- Secured Rank 2463 in the Amazon ML Challenge.
- Secured 3rd Place at the Hack-O-Knight Hackathon.
- Ranked 1073 in CodeChef Starters 234 and participated in Zomathon 2026.
- Solved 505+ problems on LeetCode with a 1743 rating.

POSITION OF RESPONSIBILITY

A.C.M - ICPC Club

Executive Member

USICT

2025 – 2026

- Mentored first-year students during DSA bootcamps, teaching graph traversal concepts including BFS and DFS.
- Explained problem-solving approaches and implementation techniques for graph traversal using practical coding examples.
- Participated in organizing and conducting coding and competitive programming activities for club members.
